Privacy Policy for MindfulGPT (mindfulgpt.ai)

Effective Date: 20th Nov, 2023

Introduction

At **mindfulgpt.ai**, we are committed to maintaining the trust and confidence of our users. This Privacy Policy provides you with details about the personal data we collect and the ways in which we use and protect it.

Data Collection and Use

Meditation Script Generation: When users interact with our service to create meditation scripts, we only collect and process the textual prompts provided by the users. These scripts are generated in response to user input and are tailored to their specific requests.

Transmission to Our Server: The meditation scripts created by users are transmitted securely to our server via an Application Programming Interface (API) for further processing. We employ robust security measures to ensure the safe transmission and handling of this data.

Audio Record Generation: Upon receiving a meditation script, our system generates an audio record of the script. This conversion is performed to enhance the user experience by providing an audio version of the meditation script.

Storage of Audio Records: The generated audio records are stored on our servers. This is done to provide users with continuous, on-demand access to their personalized meditation sessions. We ensure the secure storage of these audio files and limit access to authorized personnel only.

No Additional Data Collection: Apart from the meditation script content and the resultant audio records, we do not collect, store, or process any other personal information from our users. Our system is designed to respect user privacy and minimize data collection.

Data Protection

We implement a variety of security measures to maintain the safety of your personal information when you submit a request or access your personalized meditation scripts and audio records.

Your Consent

By using our service, you consent to our privacy policy.

Changes to Our Privacy Policy

If we decide to change our privacy policy, we will update the Privacy Policy modification date above.
